TABLE OF CONTENT

HDPE garbage bin

03

HDPE garbage bins are durable, high-density polyethylene containers designed for waste collection. They're resistant to impacts, UV rays, and chemicals, making them suitable for outdoor use and recycling applications.

Metal/ Stainless Steel Bin

06

Metal or stainless steel bins are robust waste containers known for their durability and corrosion resistance. Ideal for both indoor and outdoor settings, they offer a sleek appearance and easy maintenance.

Recycle Bin

10

The quality stainless steel recycle bin features a sleek and modern design, durable construction, and segregates waste effectively. With a foot pedal for hands-free operation, removable inner bins, and odor-sealing lids.

Ash Tray Bin

12

An ashtray bin combines a waste receptacle with an ashtray, designed for disposing of cigarette butts and trash. It's often placed in public areas to promote cleanliness and reduce litter.

In-Room Bin

14

The premium in-room bin offers a luxurious waste management solution with a selection of sizes, colors, and materials. Elevate any space with stylish options like stainless steel, wood, or sleek finishes.

Hotel Operations Trolley & Cart

16

Discover our range of locally/ China-made hotel operation equipment, meticulously crafted to meet current trends and demands. From hotels operation to kitchenware, our products are well-made, distinctive, and tailored to elevate your hotel's operations.

Small Electrical Appliances

18

Wide selection of high-quality hotel small appliances with various brand options to meet your specific needs and preferences. Our range includes top brands known for their reliability and performance, ensuring that your guests have a comfortable and convenient stay. From coffee makers and kettles to irons and hairdryers.

Front Office and Misc.

19

Front office and miscellaneous equipment in hotels includes reception trolley, bird cage trolley and and overall operational efficiency for a seamless experience. Variety of back-office equipment such as garbage bags, shoe polishing products, umbrella holders, and more to help keep your hotel operations running smoothly.

HDPE GARBAGE BIN

Durable and designed to withstand frequent use and harsh conditions. Secondly, they are made of environmentally friendly materials, promoting sustainability in waste management practices. The inclusion of solid roller wheels ensures smooth mobility and handling. Additionally, a sun protector feature helps to maintain their condition in outdoor environments. The bins also feature a thickened barrel construction, enhancing their strength and longevity.

They are also easy to clean, promoting hygienic waste disposal practices. Lastly, the availability of various size options ensures suitability for diverse waste management needs. Overall, these core advantages make MGB and step-on bins essential for efficient and sustainable waste management practices.

METAL BIN SERIES

ROUND/RECTANGULAR/SQUARE

A quality step-on steel bin offers hands-free waste disposal with a sturdy foot pedal mechanism. Constructed from durable steel, it combines functionality and style, featuring a soft-close lid for quiet operation. The bin's design includes a removable inner bucket for easy cleaning and maintenance, making it a convenient and hygienic solution for waste management.

PREMIUM DESIGN STEP ON BIN

The bin is constructed from high-quality metal steel, ensuring durability and rust-resistance while adding a touch of sophistication to any setting. It features a hands-free operation with a step-on pedal for hygienic waste disposal, a soft-close lid for quiet and smooth closure, and a removable inner bucket for easy cleaning and trash disposal. With its space-saving design, non-slip base, and versatile sizes, this bin is suitable for various spaces such as kitchens, bathrooms, or offices.
